

Information Pack 2023

Let's get moving for vital cancer care

July 1st to September 29th

Join our virtual summer challenge as we 'tour' the UK's radiotherapy treatment centres as many times as possible. Register NOW for £20, order and pay for your brilliantly bright challenge vest, set yourself a target and get fundraising!

Radiotherapy UK is registered as a charity in England and Wales. Charity number 1135902.

Let's get moving

Vital cancer treatment

About #Miles4Radiotherapy 2023

The challenge is a chance to have fun, reach your fitness goals and join our fight to bring the best cancer support and treatment to every UK patient

1 in 4 of us will need radiotherapy at some point, and radiotherapy is needed in 40% of cancers which are cured. Yet radiotherapy treatment receives only 5% of the UK cancer budget

You choose how you move. Running, cycling, scooting, wheeling and walking are just some of the ways our supporters have joined in

Entry is £20, but we'd love to invite everyone to set up a fundraising page too. Money raised will support the work of Radiotherapy UK

Get in touch at
www.radiotherapy.org.uk

Signing up

Register as a team or individual here

Click the link above to arrive at the #Miles4Radiotherapy 2023 event page

Look for the Register button (shown right) in the top right corner

Follow the instructions and register as a team, or an individual. You can invite team members by email, or register them yourself

By linking to your Strava, you'll be able to track your miles. You can also add miles manually on your fundraising page

An option to create a fundraising page will be offered

You can edit your fundraising page using your email address and order number (included in your sign-up receipt)
