BECAUSE EVERY MOMENT COUNTS

“Our Christmas will never be the same again. There will always be that empty seat at the table.”
Craig Russell,
co-founder of
#CatchUpWithCancer

Sprinkle the magic of hope with a coffee & mince pie morning for your work team, friends or family and help us raise vital funds for the #CatchUpWithCancer festive appeal. We'll use every penny to advocate for the almost 4 in 10 cancer patients waiting too long for treatment.

Take action for cancer patients

2023 has seen some of the longest waiting times for treatment that cancer patients have ever known.

Radiotherapy UK is keeping the pressure on government to get ahead of the crisis. Now we need your help. Please consider a donation of £6 to help us advocate on behalf of every patient waiting for treatment.

It's time to catch up with cancer.

Catch up with cancer, for Kelly

Kelly Smith was only 31 when she died of bowel cancer. Her son was six.

Her treatment was paused because of the pandemic, and her family co-founded #CatchUpWithCancer with Radiotherapy UK to stop other cancer patients suffering.

Three years on, the pandemic may be over, but thousands of patients are still waiting for treatment. The fight is far from over.

Have a treat, and fight for treatment

Join in with
Christmas jumper day
and plan your coffee
morning for Dec 7

Sprinkle the magic of hope with a coffee & mince pie morning for your work team, friends or family and help us raise vital funds for the #CatchUpWithCancer festive appeal. It's time to make sure cancer treatment doesn't become a postcode lottery, by pressuring the government to take decisive action. Thank you.

In the rush and hustle, take some time to be with your team, family and friends, enjoy a get together and help us #CatchUpWithCancer.

Raise crucial funds through a festive coffee and mince pie morning at your office or home.

Every penny will help a small charity with a big fight on its hands.
